

CHINA BASIN SHUTTLE SCHEDULE

Note: No unscheduled stops allowed (because of safety and time constraints).
 Occasionally a route will be delayed due to unpredictable traffic conditions (e.g. ballgames).
 A stop might also be affected due to city public work projects (construction, etc) & need to be changed slightly.
 MUNI buses and trains are available in the area for alternate transportation needs.
We will do our best to notify riders of any changes.

Rev 9/2/08
